

REDUCE RESOURCES & SAVE MONEY

#GREEN

BASICS

Lab buildings consume 10x more energy and 4x more water than office spaces. A single -80 °C-freezer or a fume hood use as much energy as a single-family house. Let's go greener!

Your Waldner Team

WALDNER

BECOME A GREEN SUPERHERO

Based on the criteria of My Green Lab® organization: www.mygreenlab.org

1

INSPECTION

Analysis & metering of your lab space

2

WORKSHOP

- Impulses & ideation
- Defining action plan with all stakeholders

3

IMPLEMENTATION

- Repairs & retrofits
- Maintenance & support

4

OPTIONAL

Reduce resources & costs

14 topics in focus
